ORDER YOUR PROTECTION PACK BEFORE PRE-DELIVERY & RECEIVE **MASSIVE SAVINGS!**

1 Paint Coating

Want to keep that new-car-look and retain that showroom shine? Protektiv will help keep your car looking super glossy while doing a great job to protect all surfaces from all those unwanted elements.

2 Vinyl Coating

An unprotected dashboard is one of the first areas of a vehicle to fade. Protektiv helps prevent premature fading, and helps protect against cracking & permanent staining.

3 Leather Coating

This deep down moisturising protection for leather creates a durable layer on the treated surfaces, and helps provide a highly resistant barrier from sunscreen, make-up, food & drink spills.

4 Fabric & Carpet

It bonds to individual fibres, creating a resilient and effective barrier, helping to prevent permanent staining from those inevitable spills from commonly consumed food & liquids.

5 Window Tint

Street Legal darkest legal window tint not only provides a cooler interior, it protects you & your passengers with glare & UV rejection. Plus, it gives your car the ultimate look.

+ Enjoy peace of mind with a lifetime nationwide warranty* on all 5 products.

* Warranty terms, conditions and exclusions apply.
